

ASSA ABLOY

ASTRAGAL AND MEETING STILES

Applies to the following product:

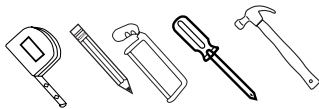

355_S

Testing/Ratings:

Category J gaskets for use with listed steel frames and/or classified steel covered composite, hollow metal doors rated up to and including 3 hours; wood and plastic covered composite doors rated up to and including 1-1/2 hours; and wood core doors rated for 20 minutes.

Tools Required:

Installation Instructions:

For use with bevel edge outswing or double-egress doors.

1. Measure, mark, and trim astragal to full length of door, leaving insert slightly longer than the metal at each end.

NOTE: For best seal, insert should touch header at top and threshold (or floor) at bottom.

2. Place astragal on active door (see figure below).
3. Secure in place with supplied screws.
