

SIMPLY AMAZING!

Now you can dispense virtually any cone with the new Modular SIMPLI-FLEX® Ice Cream Cone Dispensing System!

The Modular SIMPLI-FLEX® Dispenser accurately dispenses cake, waffle and sugar cones from 1¼" through 3¾" diameter. No other dispenser is so versatile!

A unique, flexible orifice holds all sizes of cones snugly, yet gently to prevent breakage and waste. SIMPLI-FLEX Dispensers are completely self-adjusting, insuring one-at-a-time dispensing.

SIMPLI-FLEX Dispensers are sanitary, manufactured from FDA approved materials. Cones in the dispenser are protected from contamination and moisture—they stay fresher, longer! SIMPLI-FLEX Dispensers can be completely dismantled without tools for easy cleaning, and all components are dishwasher safe.

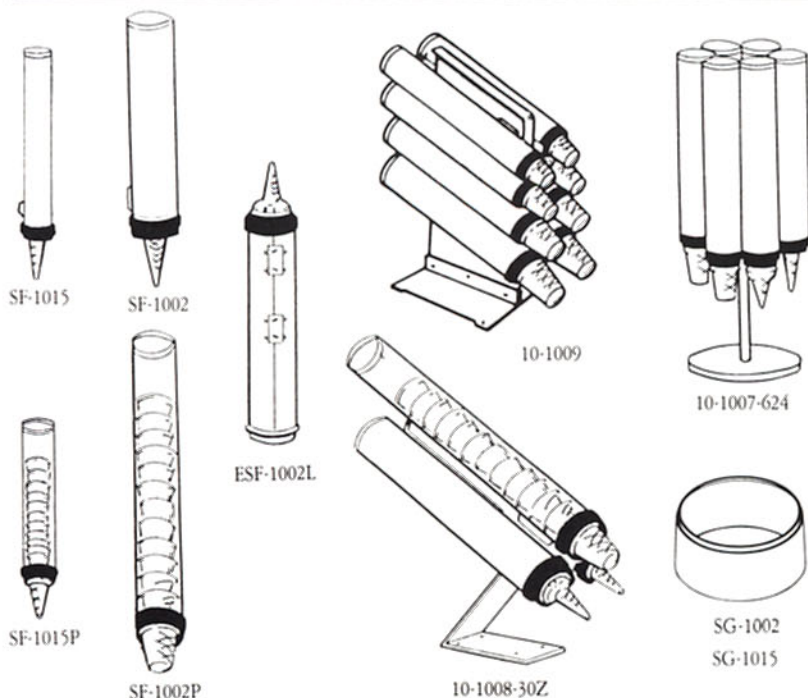

The SIMPLI-FLEX Cone Dispensers are available in heavy-duty, polished stainless steel or tough, gray tint plastic. Modular also offers a complete line of mounting accessories, including the popular Z-stand and counter top rotary stand, pictured. Of course, the SIMPLI-FLEX is provided with hardware to easily wall mount; or mount to the side of your freezer/soft serve machine.

The Modular Dispensing Systems Division of Tomlinson Industries manufactures a complete line of dispensers for disposable cups, lids, straws, napkins and condiments.
